Currently there are 1385 enrolled students ranging from 11-14 years old, and there are 70 teachers are working.

# "Ion Irimescu" Gymnasium School, Falticeni - ROMANIA

"Ion Irimescu" Secondary School of Falticeni is a school with a long educational history starting in 1873, and it bears the name of one of the most famous Romanian sculptor born in our town, maybe second most famous next to Brancusi.

It is known for its churches that are architectural jewels with outstanding medieval frescoes part of the UNESCO World Heritage Fund, makes Bukovina one of fascinating parts of Romania

Beginning in 2007 our school became an "**Eco**" school, and we are striving to improve each day our relationship with the environment and lower our ecological footprint.

# Osnovno uchilishte "Kiril Hristov"- BULGARIA

Primary School "Kiril Hristov" Stara Zagora, Bulgaria was founded in 1896. It is a school with centuries-old history. It bears the name of the Bulgarian poet from Stara Zagora - Kiril Hristov. It is an innovative school, forming a self-training and self-development skills, which contributes to building a society of independent and responsible individuals. Our school teaches students from the age of 7 to 14 years old.

"Green Classroom" ensures the children's personal connection with nature. It develops their attitude towards environmental protection, creates prerequisites for healthy lifestyle , educates in responsibility and research spirit

# Priorità del progetto

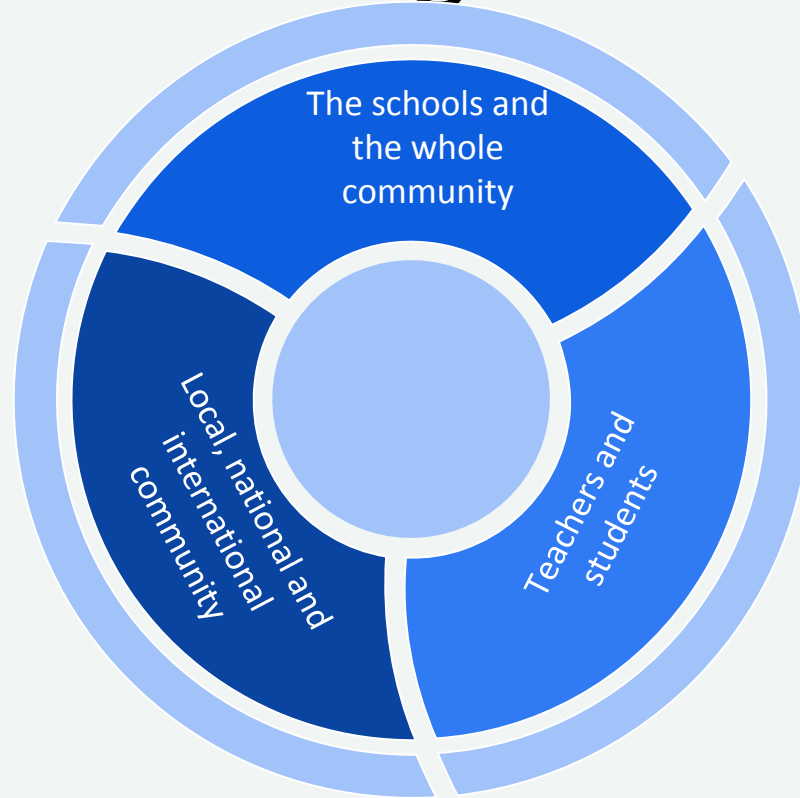

“Do Best With Waste ”è un progetto collaborativo tra scuole di Bulgaria, Turchia, Romania, Italia, Polonia e Portogallo. Il progetto svolge un ruolo chiave nel prestare attenzione alla gestione sostenibile dei rifiuti nella scuola.

L'obiettivo principale è quello di sensibilizzare tutta la comunità scolastica sulla necessità di modificare le abitudini a livello di gestione dei rifiuti per contribuire a una vita sostenibile.

Gli studenti avranno un apprendimento multidisciplinare contribuirà allo sviluppo di skills ecologiche, comprensione critica del mondo e delle nuove tecnologie, migliorando la formazione integrale dei cittadini ecologici.

Durante il periodo di questi progetti di partenariato scolastico, i partecipanti conosceranno le buone pratiche ambientali esistenti in ciascun paese partner, capiranno che la gestione sostenibile dei rifiuti è importante per la conservazione dell'ambiente. Il progetto intende anche sviluppare il senso e la sensibilità verso la diversità, l'integrazione , multiculturalità nei nostri studenti
